SUMMARY

Dr. Ibrahim is distinguished by his commitment to empowering individuals with cutting-edge technologies. Instead of continuing his successful government career, a path sought after by many, he made the decision to resign and pursue his passion for technology.

Dr. Ibrahim is devoted to democratizing cybersecurity knowledge and training one million aspiring cybersecurity professionals by the year 2030. To date, he has instructed over 10,000 students from more than 40 countries. His efforts were recognized when he was awarded an Honorary Doctorate from the Asian University for his selfless service in education, particularly among underprivileged youth.

Over the course of his 25+ years of professional experience, Dr. Ibrahim has successfully executed multi-million dollar projects across the Middle East and traveled to several countries for training and projects, including the United States, United Kingdom, France, Italy, United Arab Emirates, Kuwait, Qatar, Saudi Arabia, Malaysia, Singapore, and many others. He has aided clients in various sectors in achieving cybersecurity standards and compliance, such as ISO 27001, PCI DSS, HIPAA, GDPR, NIST, NISA, and others. In recognition of his expertise in cybersecurity and thought leadership, he was appointed as an Expert Tech Ambassador and Cyber Security Mentor at GITEX YouthX, UAE.

Dr. Ibrahim is the founder of the IbbCyberSecuritymentorship academy and the CEO & Co-Founder of Cyberheals, a next-generation cybersecurity firm with innovative solutions to safeguard our digital environment. The team has been recognized by the governments of the United Kingdom, Australia, India, and various multinational corporations for their contributions to cybersecurity.
